**IMPORTANT NOTICE TO MICHIGAN
COMMERCIAL AUTOMOBILE POLICYHOLDERS
RELATED TO THE COVID-19 PANDEMIC**

The COVID-19 pandemic has brought uncertainty and challenges to many of our commercial policyholders, and while we don't know when business will return to "normal", we are here to support our customers through this crisis.

If your scheduled automobiles have been taken off the road as a result of the COVID-19 health crisis, policy adjustment may be available. Coverage for liability and collision may be suspended for 30 days. This adjustment would apply only to the vehicles in non-operational status through September 1. Philadelphia Indemnity Insurance Company does reserve the right to confirm that the vehicles were not on the road for the indicated period. (We will consider individual requests for vehicles that were non-operational after September 1 provided it can be substantiated that these vehicles were in fact non-operational for the requested time period.)

Please contact your agent or broker to submit information regarding changes to your commercial vehicles as a result of the pandemic. For vehicles that were on a non-operational status through September 1, please make that request within two weeks of the date of this notice.
